

## **DR. JANET DUNLAP**

Dr. Janet Dunlap specializes in spine surgery and also serves as a consultant for several spinal product companies. She chose to become an orthopaedic surgeon because she enjoys combining scientific theory, challenges and problem-solving with interacting and helping people. Her formidable credentials include graduation from UCSD School of Medicine and Washington University School of Medicine/Barnes Hospital and affiliated hospitals for general surgery, an orthopaedic residency and fellowship. Later, she obtained a spinal subspecialty fellowship at Scripps Clinic in La Jolla.

Dr. Dunlap has performed a vast number of research studies, presented at various conferences and published in numerous medical journals. In addition, she received the prestigious Russell Hibbs award at the North American Spine Society for single outstanding research.

When seeing her patients, Dr. Dunlap gives them honest explanations of their conditions and the options available. She is committed to their care and doing what is best for them rather than using the latest gimmicks. Dr. Dunlap is committed to providing compassionate care to her patients.

She is an avid athlete, enjoys the outdoors, cooking, playing bridge, reading, and golf.

Orthopaedic Specialists of North County (OSNC), was founded in Oceanside in 1965 and incorporated in 1973. Over the years, we have treated multi-generations of families, including parents, grandparents and great-grand-parents for their orthopaedic injuries and ailments.

Our 13 board-certified physicians care for accident, sports - or work-related injuries, replacing total joints, or relieving chronic or acute pain. They give patients more lifestyle choices by offering the latest procedures, to help them stay active. For the convenience of their patients OSNC also offers services such as imaging, urgent care, and physical therapy to help patients recover; regain body strength quicker with less locations to visit.
